

Jo Elliott Photography Pricelist 2010/11

Photography gives us the chance to preserve memories. Its not simply shooting the image, it's about people - their individuality, relationships, and memories.

Portraits

Portraiture offers some great opportunities for people to express themselves visually. Photos that are natural, fun or maybe even poignant. Individual, or portraits to celebrate your family; in your home or on location, the choice is up to you.

Portfolios

Fashion, advertising, acting etc - professional portfolios that are unique and really show who you are and what you're about.

Documentary

Capture the richness and reality of people, places and events, in your own country or further afield.

Weddings

From the small intimate wedding to the extensive traditional wedding, my style is either relaxed, documentary or structured depending on the mood.

We are happy to travel to any location you require and provide a full day coverage if you wish. Jo works with a trained assistant.

It is for you to tell us the flavour of your wedding, and for us to interpret this, with unique and stunning images that you will cherish forever.
